## SUMMARY

2020 graduate in Computer Science that desire to help students understand Computer Science concepts easier in ways I wish I had known faster and make it a whole lot friendlier. I want to use my soft skills to make Computer Science more understandable and help students see programming and algorithms in a more creative and engaging way.

---

## EDUCATION

### **California State University-San Bernardino (CSUSB)**

Bachelors, Computer Science

Grad Year: 2020

### **Chaffey College**

Associates, Business Administration

Grad Year: 2016

---

## WORK EXPERIENCE

### **Match And Science Tutor**

San Bernardino Unified School District

November 2018 - December 2018

- Math and Science tutor at Cesar Chavez Middle School
- Supported math and science teachers during and after class hours
- Kept an eye out on students who were struggling and provided support
- Taught basic math and science by demonstration
- Provided moral support when students were losing hope and interest in their ability to succeed

## **Supply Chain Operations**

KGL America, Inc.

March 2013 - March 2015

- Trained and documented all personnel on supply chain security under C-TPAT (Customs-Trade Partnership Against Terrorism), a supply-chain security program led by U.S. Customs and Border Protection (CBP)
- Achieved C-TPAT certification by displaying the company's ability to alleviate risk throughout its international supply chain
- Successfully carried out the delivery of awkward and dangerous cargo through careful planning and careful monitoring of cargo transit throughout the entire shipping process

## **Manager**

LA Shoe King

October 2012 - March 2013

- Supported the launch of a wholesale fashion company by connecting customers to products offered by a network of vendors through an online marketplace
- Trained personnel to purchase from vendors, track shipments and keep inventory, use Adobe Photoshop to showcase products, maintain the website, and customer service
- Oversaw and ensured company profit margins and implemented changes to increase sales and reduce costs

## **Sales Associate**

Buffalo Electric Wholesale, Inc.

July 2011 - October 2012

- Compared market and competitor prices with vendor prices in order to ensure that the company was providing competitive prices while maintaining optimal profit margins
- Ensured great vendor relationships and communication to receive the best prices and highest priority of in-demand products when shortages were high
- Solely responsible for all product defects, returns, and ensuring any customer problems were resolved
- Kept strict inventory of all products to ensure customers always had the products they needed

### **Warehouse Manager**

Lucent Product, Inc.

May 2010 - June 2011

- Carefully maintained routing guide compliance and avoided any penalties and chargebacks
  - Maintained inventory control by carrying out routine audits both in the warehouse and office
- 

## **OTHER EXPERIENCE AND EXTRACURRICULAR ACTIVITIES**

### **2019 IEEE Rising Stars Conference**

Institute of Electrical and Electronics Engineers

January 2019 - January 2019

Las Vegas, NV, USA

- Gained valuable insights into the technological revolution of the 5G network and the impact it will have on the need for new hardware and software
- Networked with industry experts and learned about new technical innovations in autonomous vehicles, space and manufacturing, clouding

computing, artificial intelligence, security, and the internet of all things (IoT)

-Participated in professional development workshops

---

## AWARDS AND ACCOMPLISHMENTS

### **Chaffey College 4.0 GPA**

July 2016

After taking a break from being a university student for 8 years, I returned to Chaffey College and pursued my higher education once again. A year later, I received my associates degree in Business Administration with a 4.0 GPA which gave me the confidence to dream further. Immediately after, I started to pursue Computer Science in hopes to problem-solve issues that will prevail in our ever-so technological world.

### **CSUSB Dean's List Fall 2017**

February 2018

I received a letter dated on February 9, 2018 from Peter Williams, Ph.D., the Interim Dean, at the College of Natural Sciences at California State University, San Bernardino, acknowledging my excellent academic performance during the fall 2017 quarter. The letter recognized my achievement and informed me that I was placed on the College of Natural Sciences Fall 2017 Dean's List.

### **CSUSB Dean's List Fall 2018**

December 2018

I received an email on December 23, 2018 from Sastry Pantula, Dean at the College of Natural Sciences at California State University, San Bernardino, acknowledging my excellent academic performance during the fall 2018 quarter. The letter recognized my achievement and informed me that I was placed on the College of Natural Sciences Fall 2018 Dean's List.

---

## ADDITIONAL INFORMATION

I have a very high EQ and can communicate with people very well. I am able to communicate ideas and concepts easily and desire to pass on the information and experience that I have gained forward. I want to help students achieve their studies in Computer Science and make it less daunting.
